

Recommended optional individual insurance policy

Personal Accident Insurance and Medical Costs cover - strongly recommended

The purpose of this insurance is to provide cover if you suffer a physical accident during the Rally, whether or not you are responsible and whether or not an identified third party is involved, except in specifically excluded cases. It provides for the payment of a lump sum (set by you when you take out the policy) in the event of permanent invalidity or death. **"Medical Costs" cover allows for the reimbursement of prescribed medical costs incurred with the approval of the Rally's Medical Director prior to your repatriation or return, where they result from an accident occurring during the Rally.**

We would encourage you to familiarise yourself with any cover provided by your sports drivers' association membership, and in the absence of such cover or in order to supplement it, **we strongly recommend that you take out specific Personal Accident Insurance (to include Medical Costs cover)** with the insurer of your choice in order to increase the sum insured.

If you prefer, Gras Savoye has prepared an insurance policy of this type and a "Medical Costs" cover specifically for Rally competitors. You can see details of this on the Rally website or by visiting the insurance broker's own website. This insurance can be taken out immediately, by post, via the Gras Savoye Sport Events Department. Gras Savoye will be happy to answer any specific questions you may have and tailor solutions to your needs. The insurance broker will be happy to send you the full wording of the policy on request.

Taking out Personal Accident Insurance and cover for "Medical Costs" is optional, but strongly recommended.

You can contact Gras Savoye by e-mail at rallyraid@grassavoye.com or by telephone on +33(0) 472 349020.
